FROM THE PRESIDENT

“No winter lasts forever; no spring skips its turn”~ Hal Borland

Dear Southold Community,

Winter is winding down and hopefully the cold weather is going with it. We hope many of you attended or are planning to attend our special program, “Simply Civics” taught by Camille Broussard. This discussion is a wonderful way to ask any question about the workings of government, local and federal. This serves as a refresher course for those of us who were taught civics in high school as well as an introduction to the changing world of politics. All ages are welcome.

We welcome suggestions from the community as to additional topics that you would like to learn about. Keep an eye out for our spring offerings as well as information on our proposed “pocket park.”
